

## Monaco Grand Prix package

If you're toying with idea of attending the daddy of all races – the Monaco Grand Prix – this year, then go for the HôtelSezz Saint-Tropez package.

A part of Design Hotels, the property is offering its guests chartered yachts, in addition to stunning contemporary accommodation in the hotel's 35 rooms and two villas, as well as flowing champagne.

During the race itself, sit onboard your very own luxury yacht as you watch Formula 1 cars zip down the seaside racetrack in their multicoloured glory. The hotel has many sailboats and yachts at its disposal, ranging from modest 42ft vessels to indulgent 105ft ones. If you'd rather watch the race from the grandstand itself, the hotel can arrange for you to be chauffeured to the racetrack, or even better – arrange a helicopter ride.

And the VIP experience begins the second you walk through the hotel's doors! Each guest is assigned a personal assistant that will do everything for you, and book spa treatments too.

If you are looking for something classic, this offer can also be replaced with the famous bi-annual Monaco Historic Grand Prix (May 11 – 13) which features classic racecars from 1947 to 1984 as opposed to the modern mean machines of the Monaco Grand Prix.
